

Which delivery modes have you experienced beyond the traditional classroom?

Which technology tools have you used during those experiences?

What do you want to know more about?

---

**Welcome:**

Typical Lesson Delivery

21<sup>st</sup> Century Lesson Delivery

**Tech Enhanced:**

Define the tech enhanced class.

What is an acronym commonly used to summarize this delivery mode?

Which technology tools might you find helpful with this modality?

**Polling/Surveys:**

What are the names of some tools you might use for polling or surveys?

What is the website for Menti?

**Online:**

What are the 2 types of online delivery modalities?

How are they different?

What kind of technology might you need for each?

**Zoom:**

What is the website for Zoom?

What are some tools available within Zoom that you might use during a meeting?

**Blended:**

What constitutes something as “blended”?

**Instructional Videos:**

What are tools you can use to create instructional videos?

What are some best practices for making instructional videos?

Where can you find more information about design decisions for the blended and online environments?

**Extension Activity:** Reflect on the delivery mode of your sessions now. Is there anything you would like to try from this unit? If so, what? Share your ideas in the discussion forum.

I've got it! Now I understand that ...
